For more educational information, go to [www.fpu.com](http://www.fpu.com).

Because we need water to live, it is important to conserve as much water as we can. You can help by:

turning off the water when you're not using it, and . . .

Hey!

I am Clean drinking water.  
What color should I be?

For more educational information, go to [www.fpu.com](http://www.fpu.com).

Thirstin Says:

Your help is needed to keep drinking water clean!  
Keep rivers, lakes and streams free of trash!  
Never allow oil or gasoline to be poured on the ground!
